

BLANCO

This expression is aged for less than two months, often times altogether unaged. This creates a tequila with a crisp finish, with little to none of the woody flavor found in longer aged tequilas.

REPOSADO

This expression of tequila has been aged anywhere from 2-11 months. This aging process often gives more of a woody flavor, and as it ages, various other flavor notes develop to create a more intricate flavor profile than the younger blancos.

- *Arrete - 10**

MEZCAL

This traditional Mexican spirit is distilled using the hearts of several different agave species, the most common being Espadin. Primarily crafted in Oaxaca, it can also be produced in 8 other states of Mexico. Mezcal is traditionally double-distilled and referred to as the smoky cousin of tequila.
